

Universities

A. Scenario

This exercise is a stripped down version of the original dataset

University Rankings 2017 🎓 👤

National Universities Rankings

[k https://www.kaggle.com/datasets/mahdiehhajian/university-ra...](https://www.kaggle.com/datasets/mahdiehhajian/university-ra...)

U.S. News & World Report today announced the 2017 Best Colleges rankings to help students worldwide compare the academic quality of more than 1,800 U.S.-based schools. Princeton University remains No. 1 in the Best National Universities category. For the 14th consecutive year, Williams College takes the top spot on the Best National Liberal Arts Colleges list.

B. Requirements

1. Input data

 UniversitiesRankings.csv 224.5KB

2. Basic setup

- If you use **Visual Studio**, create a **solution** named **Midterm.Universities**
 - Create a **project** named **UniversitiesInsights**.

- If you use **Visual Studio Code**, put all of your source code files into **Midterm.CountryHealth** folder, then compress this folder into **{StudentID}.zip** or **.rar** file and submit back this file.

3. Requirements

- Read needed information from the input csv file: **gapminder.csv** (only the columns you need)
- Print out the top 10 universities that has the **highest tuition fees** in table format

4. Sample output

💡 Sample output is just for illustration of data presentation only, not the actual result!

```
Phan tich du lieu cac truong dai hoc 2024 Top 10 truong co hoc phi cao nhat
|STT|Ten truong | Hoc phi | -----
- |1 |Utah State University | $ 55,690 | |2 |Tennessee Technological
University | $ 54,520 | |3 |South Dakota State University | $ 54,000 | |4
|Pace University | $ 53,100 | |5 |Ball State University | $ 52,500 | |6
|University of La Verne | $ 52,000 | |7 |New Jersey Institute of Technology |
$ 51,000 | |8 |University of Nebraska--Lincoln | $ 50,000 | |9 |Saint Louis
University | $ 49,250 | |10 |University of California--Davis | $ 48,000 |
```

C. Submission instructions

- If you use Visual Studio, please delete these folders
 - **.vs**: hidden folder, the size is very big
 - **Debug** folder: most of the time you will have two Debug folders.
- Compress all your files into a file with the format of **{StudentID}.zip** or **.rar**.
 - For example if your student id is: **2412114**, then your file should be **2412114.zip** or **2412114.rar**
